MyPlanConnect

HASSLE-FREE CLAIMS REIMBURSEMENT

Are you the first person your employees contact if they have questions about the status or reimbursement of a claim? You may not realize how many hours of your week you spend answering questions and addressing frequent concerns. With MyPlanConnect, you can remove that constant frustration and free up time in your day for what really matters.

MyPlanConnect connects your employees' healthcare FSA charges with their insurance Explanation of Benefits (EOB). Through this integration, MyPlanConnect detects when your employees swipe their MyAmeriflex Card and automatically matches their purchase with their insurance carrier's reports. In most cases, MyPlanConnect can verify the eligibility of a claim without the need for your employees to submit supporting documentation. In addition, your employees will have the ability to access their EOBs via MyPlanConnect and submit corresponding manual claims for reimbursement.

HOW DOES IT WORK?

Step 1: Your employees connect their insurance plans.

Step 2: Our system pulls data and pre-fills forms.

Step 3: Claims are automatically prepared and evaluated!

Get in touch with us, and you'll be on your way to a more convenient claims reimbursement process.

How does MyPlanConnect benefit employers?

- Fewer questions to field
- Fewer challenges regarding claims eligibility
- Happier employees

How does MyPlanConnect benefit employees?

- Quicker reimbursements
- Set-it and forget-it system does all of the work
